ONTARIO PRODUCTION GUIDE 2003

Facilities and Services of the Film / Television and Commercial Industry in Ontario, Canada

ONTARIO THE BIG PICTURE

The Province of Ontario occupies more than a million square miles or 1.6 million square kilometres. Ontario's southernmost point is at a latitude comparable to northern California, while the northernmost parts of the province offer sub-Arctic conditions. Toronto, the capital of Ontario, is a safe, cosmopolitan, multicultural city—over 5 million people reside in the Greater Toronto Area—that attracts producers from all over the world.

WE'VE GOT THE RESOURCES

As the film and television centre of Canada, Toronto has top quality sound stages, television studios, animation, sound recording and post-production facilities. Our skilled film and television production workforce of over 35,000 is experienced, flexible, and willing to go that extra mile to make your project happen.

Toronto also boasts a sizeable talent pool of highly experienced film and television actors, musicians, dancers and musical performers, many of who cut their professional teeth in the city's vibrant theatre community.

WE'VE GOT THE LOOK

In Toronto, you'll find steel and glass skyscrapers, European streetscapes, industrial buildings, an Ivy League style university, inner city neighbourhoods, a pioneer village, several 'Chinatowns,' and even a castle! Thanks to the city's ethnic, architectural and cultural diversity, stories set in New York, Boston, Washington, Chicago, Florida, Vienna, Warsaw, Tokyo and Teheran have been convincingly shot in Toronto.

Outside of Toronto, the province offers a remarkable array of diverse locations, from rolling farmland to northern wilderness and tundra, as well as small and mid-sized towns that resemble the American midwest and New England. Ottawa, the nation's capital, offers a number of unique locations including the Rideau Canal, the British-style Parliament buildings and the ultra modern National Gallery and Museum of Civilization.

WE'VE GOT THE ECONOMIC ADVANTAGE

If you're coming from the United States, your dollar is worth more the moment you cross the border. You can reduce your production budget by a significant amount or put those extra dollars on the screen. Also working to your advantage are the Federal and Provincial tax credits for foreign productions totalling 27% of domestic labour costs. Productions shooting outside of the Greater Toronto Area may also be eligible for the additional 3% Regional Tax Credit.

THE ONTARIO MEDIA DEVELOPMENT CORPORATION

The Ontario Media Development Corporation can help you take your project from script to screen. We can scout locations, introduce you to the people you need to talk to, and consult with other agencies and officials on your behalf. What's more, we can do all this at no cost to you. That's why we're here.

From casting agencies to wardrobe companies, sound stages to post production houses, crew rates to accommodations—this book contains just about everything you'll need to know prior to shooting your feature film, television project or commercial in Ontario. To find out more about how we can help you get the BIG PICTURE contact one of our highly experienced staff.

Immigration

PROCEDURES FOR OBTAINING EMPLOYMENT AUTHORIZATION

It is the policy of the Government of Canada that Canadian citizens and permanent residents be given first opportunity to fill positions in Canada. Persons who have obtained employment authorizations from Citizenship and Immigration are also entitled to work in Canada. These authorizations are issued at a Canadian visa office abroad, or in the case of US residents, at ports of entry.

Letter Of Introduction

As far as possible in advance of specific requests for work permits, the employer should provide by mail or fax to the HRCC office a letter of introduction, signed by the Production Manager (or an official representative of the production company), supplying the following information:

- Name, address, phone and fax number of the production company (employer)
- If applicable, the name, address, phone and fax number of the employer's representative
- A brief description of the production
- The approximate number of foreign workers requested and their occupations
- The approximate number of Canadians to be hired
- The duration of stay
- The filming location any locations outside Greater Toronto must be listed.
- The economic benefits to Canada i.e.: numbers of Canadians to be hired, portion of budget to be left in the country.
- An outline of consultations held with the appropriate unions/guilds regarding the availability of Canadian personnel.

Request for Work Permit

Once this letter has been submitted to the foreign worker unit, a counselor will be assigned to the case, who will in turn call the production to introduce himself/herself.

Once details are available regarding the specific foreign worker, the following information must be provided to the designated counselor:

a) complete legal name
b) sex
c) citizenship and permanent mailing address abroad
d) country of birth
e) occupation
f) birthdate
g) where entering Canada (port of entry)
h) date entering Canada
i) location of work (if outside greater Toronto area)
j) duration of stay
k) in cases where schedules vary - the estimated latest possible date of entry
l) permission in writing from the affiliated union and/or guild working on the project. In the case of a performer, a copy of the ACTRA permit is required.

If the request is of an urgent nature, or the time frame involved is limited, the letter of introduction may be submitted at the same time as your first request for temporary work permits.

All transactions can be processed by fax once finalized. Permits are electronically transmitted from the HRCC to the port of entry to await the arrival of the foreign worker, and therefore it is extremely important to determine the date, time, carrier, flight number and exact port of entry (incl. terminal number at Pearson Int. Airport) to avoid confusion.

Once a decision is made, the responsible HRCC will validate the offer of employment. The employer will then advise the foreign worker(s) of the necessary steps to be taken. A 72 hour time frame is required for the information to be transmitted to the visa post. There is an immigration processing fee of $150.00 (Canadian) for an employment authorization, payable upon the issuance of the employment authorization to the foreign worker. Payment can be made in cash (Canadian or U.S.), Visa or MasterCard credit cards. American Express is not accepted.

NOTE:
Only the following categories may obtain employment authorizations at the port of entry. All others *must* apply to a Canadian Embassy or Consulate after approval has been granted by the HRCC, and this approval has been received by said Canadian Embassy or Consulate. To be more precise, the following categories should be stated:

1. a national of the United States
2. a person who has been lawfully admitted to the United States for permanent residence
3. a resident of St. Pierre and Miquelon or Greenland

Producers (acting on their own behalf or representing a company) arriving in Canada for filming must clarify their status with an Immigration Officer at the port of entry. It is recommended that producers submit correspondence from their company providing information pertaining to the film production and the length of time the Producer will be required to stay in Canada.

Foreign producers entering Canada to check on their investment (Canadian-based, Canadian or foreign film) are exempt from Employment Authorization.

TEMPORARY VISITORS

During scouting, personnel may be allowed to enter temporarily without employment authorization. Producers, production executives and internal auditors should have a letter from the company they work for outlining their position with the company, their responsibilities and the purpose and nature of their trip to Canada. They should have this letter and their passport with them AT THE TIME OF THEIR ARRIVAL. When they wish to remain or return to Canada for production purposes, they will be required to make an application following the procedures outlined.

Customs Regulations

The Federal Government is responsible for overseeing customs regulations in Canada through the Department of Revenue.

TEMPORARY IMPORTATION

Under certain conditions, the customs duties and taxes may be fully or partially relieved on equipment, props, costumes, film stock or videotape which are being temporarily imported into Canada for the purpose of filming. A licensed Canada Customs broker can assist an importer in complying with the guidelines. It is also possible for an American supplier to ship goods over the border through their own corporate channels, assuming the cost of duty and brokerage.

TARIFF 9993.00.00.00

Goods may be temporarily imported, free of customs duties and taxes, excluding the GST, under tariff item 9993.00.00.00. which is recorded on Canada Customs Coding Form E29B or an A.T.A. Carnet.

a) Goods must not be sold, leased or further manufactured while in Canada;
b) Use of goods must be specified by importer at time of reporting under the Customs Act;
c) Goods are imported in no greater quantity than reasonable for specified use;
d) Goods are accompanied by prescribed documents and security deposit satisfactory to the Minister of National Revenue or designated customs officer;
e) Goods are not diverted to a use limited or restricted by regulation;
f) Goods are exported within expiry date of the Form E29B with evidence provided to the Minister of National Revenue or designated customs officer or;
g) Goods are destroyed and destruction is certified by a customs officer or person designated by the Minister of National Revenue (see section on Destruction of Imported Goods) or;
h) Goods are consumed or expended under prescribed circumstances

FORM E29B

Goods qualifying for full relief of the customs duties and taxes may be imported on a temporary admission permit (form E29B) obtained at the local Canada Customs Office. A security deposit may be required in an amount equal to the duties and taxes which would be due if the goods were being imported permanently. The deposit is refunded when goods are subsequently exported and the E29B is cancelled. Resident producers must pay the GST (which is recorded on a Canada Customs Coding Form B3) on temporary importations, but can recover the cost through the input tax credit mechanism. Non-Resident producers can apply for relief of the GST on a 1/60th basis by submitting an application to the Department of Finance, Tax Policy for consideration. (See section on GST.) GST relief provisions are contained in Appendix C of Memorandum D8-1-1, Temporary Importations

CO-PRODUCTIONS

Producers working under an official co-production treaty may import temporarily cinematographic, video and sound recording equipment free of customs duties and taxes, including the Goods and Services Tax (GST). Co-production treaties currently exist between Canada and Algeria, Belgium, Commonwealth of Independent States (formerly USSR), Federal Republic of Germany, France, Ireland, Israel, Italy, Netherlands, United Kingdom of Great Britain and Northern Ireland.

A.T.A. CARNETS

When time permits, an A.T.A. Carnet may be obtained in the country of origin for items normally eligible on a form E29B. A Carnet is procured at the Chamber of Commerce by completing an ATA Carnet Application Form, and placing a deposit in the range of 40% of the total value of the goods. This security deposit is returned when proof is provided that the said goods have been re-exported out of a foreign country, and re-imported back into Canada. Under normal circumstances, proof of export from Canada is provided by having the Carnet expon certificate stamped by Canada Customs when the goods leave Canada. Carnets are valid for one year from the date of issue. Allow four business days for your application to be processed. If the Carnet is required in less than 72 hours, a surcharge will be added.

To obtain a Carnet in the United States contact the **United States Council for International Business** at:

Film / Videotape Importation and Exportation

In the case of film stock or videotape, full duty and taxes, including the GST, are owing at the time of importation. Duty rates vary according to whether or not the film or videotape is raw stock, exposed, or processed. Once the film or videotape is exported, the Producer can apply to the Regional Canada Customs Office for a refund of the customs duties paid. Any GST paid would again be recovered through the input tax credit mechanism.

Destruction of Imported Goods

If any imported items are to be intentionally destroyed during filming, it is important that Canada Customs witness the destruction; otherwise, deposits made on such items may be forfeited.

Taxes

GST - GOODS & SERVICES TAX

GST is the acronym for "Goods and Services Tax" of 7% levied by the Federal Government on all goods and services in Canada with certain specified exceptions (basic groceries, goods exported out of the country).

GST is usually charged at Point of Purchase. Most vendors are unable to assess the exemption eligibility of purchasing agent(s) and therefore taxes are levied until proper documentation is filed proving eligibility for exemption.

Unregistered non-residents can claim a GST rebate on property or services (other than a service storing or shipping property) acquired to produce Films or Television shows for export. Property or services must be acquired for consumption or use exclusively in the production of a motion picture or television show in which copyright protection exists. The non-resident is able to assign the right to the rebate to the supplier of the property or service, effectively allowing the non-resident to purchase the property or services free of the GST.

Incorporation & the GST

U.S. and other foreign production companies should file on a non-registered basis. It is not necessary to register in Canada if the company is not making supplies or selling goods in Canada - in other words, the company is taking "it" out of the country.

Filing A Claim

GST claims should be filed in the name of the film or TV company (to whom the transactions have been invoiced) by a contractual representative (i.e. Production Accountant) of said company. It must be clear on the top sheet of the claim form that the rebate is being requested by a film or television production company. It's helpful to provide as much information about the show as possible, including the company name, the name of the show and perhaps key cast.

Original copies of all receipts for purchases in Canada relating to the production must be attached to the claim.

A claim will be questioned or disqualified if the proper documentation is not produced and attached to the claim (i.e.; original receipts), or if there are errors or omissions on the claim documentation itself.

Application for rebate must be made within one year after purchase. Filing can be done monthly, quarterly or annually. Most companies file claims twice during the course of the production.

Tracking

Once a claim has been received at Summerside, it is vetted and assigned a document locator number. The client or production accountant should obtain this number in order to track the claim from start to finish. It's important to determine that the documents have been received and are in the system. The complete process takes about 6 – 8 weeks and the production can have the cheque mailed to the U.S. or to the production accountant or other signatory acting on their behalf.

Audit

Not every claim is subject to an audit. A paper audit and review of the original documentation may be enough evidence upon which to base a GST rebate. A physical audit may require an auditor to fly to U.S. or foreign headquarters of a production entity.

Goods and Services Tax Rebate for Visitors

Individuals visiting Canada may apply for a rebate of GST. 100% of the GST paid on most goods exported will be refunded provided:

- The goods were bought for use outside Canada & proof is provided that they were removed from Canada within 60 days;
- original Bills of Sale or original itemized receipts accompany the Application;
- application for rebate is made within 1 year of date of purchase and application is made for a claim of $14.00 or more.

PST / ORST - PROVINCIAL SALES TAX / ONTARIO RETAIL SALES TAX

Exemption

Ontario Retail Sales tax (ORST, also called PST - Provincial Sales Tax) at the rate of 8% applies to the purchase of most goods and taxable services. Producers of movies and commercials and TV stations who meet the definition of a manufacturer under the Ontario Retail Sales Tax Act qualify for exemption from ORST (PST) on the purchase of the following items used in conjunction with the production of movies and commercials: camera and lighting equipment, sound equipment, editing equipment, recording equipment that controls the sequence of cameras in action, film stock, processing, props, sets, costumes & related jewellery, cosmetic articles or materials, wigs, toupees, hairpieces and other related items.

The exemption does not apply to related expenses such as vehicle rentals, office furniture rentals, catering, etc. To claim the conditional exemption from ORST (PST), producers must provide a properly completed purchase exemption certificate (PEC) to their suppliers. PEC's may be obtained from any Retail Sales Tax Field Office in Ontario. If a PEC is not provided to suppliers, they must charge the applicable ORST (PST), but qualifying film producers may apply for a refund of the ORST (PST) paid in error. They have four years from the date of payment of tax to submit their claim.

Film producers are not required to obtain a vendor permit for their film production operations if the purchaser of the video production is entitled to a conditional exemption and provides a properly completed PEC, and the film producer does not regularly make retail sales of taxable goods or services such as selling unwanted equipment at the end of a production. A production company must obtain a vendor permit if the purchaser of the video production is not entitled to an exemption and / or the company regularly makes retail sales of taxable used equipment or other taxable goods or services.

Films sold for the purpose of exhibition or Broadcast to the public in a theatre or cinema or through television are not subject to ORST nor are films shipped by the producer to a location outside Ontario.

Refund

An application for refund of the ORST (PST) paid for goods permanently removed from Ontario may be claimed if the following conditions are met: the goods are removed within 30 days of being bought, the ORST (PST) paid on each invoice is $50 or more, the refund claim is made within four years of buying the goods and residents of other Canadian provinces pay the applicable sales tax to their home province on goods being claimed and provide proof of payment. Prepared food products sold for a price that exceeds $4 are taxable, however, the ORST (PST) paid on prepared food used on-screen as a prop is eligible for a refund.

Transient accommodation for less than a month is taxable at the rate of 5%. Where a person rents accommodation for more than 1 month, the charges for the accommodation are exempt once the person has actually stayed for more than a month and the ORST (PST) paid up to that point should be credited or refunded by the hotel. From that point on, any further charges for the continued accommodation would be exempt as long as there is no interruption in the stay.

A copy of the refund application and the Purchase Exemption Certificate, as well as other retail sales tax publications, may be obtained by calling 1-877-482-9329, the Retail Sales Tax Branch's TAX FAX Service which is available 24 hours a day, 7 days a week, and requesting document number 100 to obtain a listing of available documents, or from the Ministry of Finance's Internet site at www.trd.fin.gov.on.ca

Tax Credits

ONTARIO TAX CREDITS

Ontario offers the following TAX CREDITS for eligible film and television productions:

ONTARIO FILM AND TELEVISION TAX CREDIT (OFTTC)

The OFTTC is available to production companies on Ontario labour expenditures for certified Canadian film or television productions:

- the credit rate is **20% of Ontario labour expenditures**.
- a **regional bonus of 10%** applies to all Ontario labour expenditures incurred after May 2, 2000 for productions that are shot entirely outside of the Greater Toronto Area or that have at least 5 location days in Ontario (or in the case of a television series, the number of location days is at least equal to the number of episodes) and at least 85% of location days are outside of the GTA.
- production companies must be taxable Canadian corporations, which are Canadian-controlled and have a place of business in Ontario
- productions must be in an eligible genre, have an agreement to be shown in Ontario within two years of completion, have an Ontario producer and meet a minimum Ontario expenditure threshold
- productions must have 6 Canadian content points
- inter-provincial and international treaty co-productions are eligible; in the case of co-productions the credit is claimed by the Ontario co-producer and is calculated on the Ontario portion of the co-production
- Ontario labour expenditures are salaries, wages and other remuneration paid to Ontario residents; if principal photography started before May 2, 2000 eligible labour expenditures are subject to a maximum of 48% of the net production cost

ONTARIO PRODUCTION SERVICES TAX CREDIT (OPSTC)

The OPSTC is available to Canadian or foreign-controlled production companies on Ontario labour expenditures for film or television productions:

- the credit rate is **11% of Ontario labour expenditures** incurred after November 1, 1997.
- a **regional bonus of 3%** applies to all Ontario labour expenditures incurred after May 2, 2000 for productions that are shot entirely outside of the Greater Toronto Area or that have at least 5 location days in Ontario (or in the case of a television series, the number of location days is at least equal to the number of episodes) and at least 85% of location days are outside of the GTA.
- Ontario labour expenditures are salaries, wages and other remuneration paid to Ontario residents
- production companies must be taxable corporations with a place of business in Ontario
- production companies must own the copyright in the production or provide services to the copyright owner
- productions are eligible if they are in an eligible genre and have production expenditures in excess of certain minimum levels

ONTARIO COMPUTER ANIMATION AND SPECIAL EFFECTS (OCASE) TAX CREDIT

The OCASE Tax Credit is available to Canadian or foreign-controlled corporations on Ontario labour expenditures they incur for digital animation or digital visual effects for film or television productions:

- the credit is **20% of Ontario labour expenditures** incurred after June 30, 1997 for eligible activities
- corporations must be taxable and perform eligible activities at their place of business in Ontario
- eligible activities must be for the creation in Ontario of digital animation or digital visual effects for use in eligible productions
- productions must be produced for commercial exploitation and be in an eligible genre
- Ontario labour expenditures may include all salaries and wages paid to employees and 50% of amounts paid to individuals in Ontario who are not employees of the qualifying corporation with respect to qualifying activities performed in Ontario; Ontario labour expenditures may not exceed 48% of the cost of the eligible activities

ONTARIO INTERACTIVE DIGITAL MEDIA TAX CREDIT (OIDMTC)

The OIDMTC is a refundable tax credit, calculated as 20% of eligible Ontario labour expenditures, incurred after June 30, 1999 and eligible marketing and distribution expenses, incurred after May 2, 2000 by a qualifying corporation to create eligible interactive digital media products in Ontario.

ONTARIO SOUND RECORDING TAX CREDIT (OSRTC)

The OSRTC is a refundable tax credit, calculated as 20% of qualifying expenditures incurred after January 1, 1999 by an eligible sound recording company with respect to an eligible Canadian sound recording by an emerging Canadian artist or group.

ONTARIO BOOK PUBLISHING TAX CREDIT (OBPTC)

The OBPTC is a refundable tax credit, calculated as 30% of the eligible Ontario expenditures incurred by a qualifying corporation with respect to eligible book publishing activities, up to a maximum tax credit of $30,000 per book title. (For qualifying expenditures incurred before May 3, 2000, the maximum credit is $10,000 per book title.)

FEDERAL TAX CREDITS

DEPARTMENT OF CANADIAN HERITAGE / CANADA CUSTOMS AND REVENUE

The federal government offers the following two tax credit programmes for eligible films and television productions:

FILM OR VIDEO PRODUCTION SERVICES TAX CREDIT PROGRAM

The film or video production services tax credit (PSTC) is available to Canadian as well as foreign-based film producers to stimulate job growth in Canada. The PSTC came into effect November 1, 1997, and replaces legislation which provided tax incentives to production services limited partnerships. The PSTC is a refundable tax credit in respect of an "accredited production" and provides an "eligible production corporation" a tax credit equal to **16% of the cost of qualified Canadian labour expenditures incurred after February 18 2003.** For qualified Canadian labour expenditures incurred after October 1997 until February 18, 2003 the refundable tax credit rate is 11%.

A production must meet certain cost minimums and be of an eligible genre in order to qualify as an accredited production. Furthermore, the claimant must be an "eligible production corporation", e.g. a corporation, the activities of which in the year are primarily the carrying on through a permanent establishment in Canada of film or video production business or film or video production services business. Finally, the "eligible production corporation" must either own an accredited production or have contracted directly with the owner of the accredited production to perform production services.

The qualified Canadian labour expenditures for a production refers to all amounts which are "Canadian labour expenditures", amounts must be paid to Canadian residents for services rendered in Canada. However, remuneration paid to a non-Canadian corporation will not be included in the Canadian labour expenditure of an eligible production corporation irrespective of the fact that the services were provided by Canadian individuals. Remuneration must be paid to taxable Canadian corporations in order to qualify as a Canadian labour expenditure provided all other conditions of the Income Tax Act are met.

The PSTC program is co-administered by the Department of Canadian Heritage through the Canadian Audio Visual Certification Office (CAVCO) and by the Canada Customs and Revenue Agency (CCRA). CAVCO's role is to issue an accredited film or video production certificate with respect to an accredited production. However, the CCRA is responsible among other things, to review the tax credit claims and issue timely refund cheques to claimants.

You should also note that the PSTC legislation provides that where a corporation has claimed a Canadian film or video production tax credit in respect of a production, no claim may be made to obtain the PSTC for the same production.

CANADIAN FILM OR VIDEO PRODUCTION TAX CREDIT PROGRAM

The objective of the Canadian Film or Video Production Tax Credit (CPTC) is to encourage Canadian programming and to develop an active domestic production sector. The CPTC is available at a rate of **25% of eligible salary on wages and renumeration incurred** after 1994. Eligible salary, or wages and renumeration qualifying for this credit may not exceed 48% of the cost of the production, net of assistance, as certified by the Minister of Canadian Heritage. Therefore, the tax credit could provide assistance of up to 12% of the cost of production, net of assistance.

This refundable tax credit program is jointly administered by the Department of Canadian Heritage through the Canadian Audio-Visual Certification Office (CAVCO), and the Canada Customs and Revenue Agency (CCRA). The legislation that gives rise to the tax credit is defined in section 125.4 of the *Income Tax Act* and the draft regulations set out in section 1106 of the *Income Tax Regulations*. The producers may submit applications to CAVCO for a Canadian film or video production certificate (Part A) and a Certificate of completion (Part B) under the tax credit program. However, in order to obtain their money, they must complete prescribed Form T1131, *Claiming a Canadian Film or Video Production Tax Credit* and file it with the CCRA, along with the original or a copy of Part A and (Part B certificate) and the corporation's T2 income tax return.

When applying to CAVCO, producers can apply for a Canadian film or video production certificate (Part A) before or during production to facilitate film financing and the claiming of a tax credit at the end of the first year of production. Producers may apply for a Certificate of completion (Part B) once the production has been completed, certifying that the production was completed within two years after the end of the taxation year in which the principal photography began. If a production is not completed within that period, the production will be an excluded production. CCRA will refuse any tax credit claimed in the year and reassess the corporation for any tax credit previously allowed.

Responsibilities of CCRA: To provide assistance to claimants; interpret and apply section 125.4 and all other provisions of the Income Tax Act and the Income Tax Regulations that may have an impact on the credit; review or audit the film tax credit claims within a reasonable time frame; and provide timely refund cheques.

Responsibilities of CAVCO: Under the CPTC program, CAVCO performs two distinct functions: Canadian content recognition, and estimation of the eligible expenses of production. In order for a production to qualify as Canadian content for tax credit purposes through CAVCO, the production must meet specific criteria for key creative personnel and project costs.

CANADIAN CONTENT

The criteria are as follows (Note: Official treaty co-productions are not governed by the same rules).

1. All producers must be Canadian citizens (an exemption policy does exist for non-Canadians to receive up to three courtesy producer-related credits and two corporate credits as outlined in the CAVCO producer control guidelines). Income tax regulations also dictate that the producer must be the exclusive world-wide copyright owner.

2. The production must earn a minimum of six points based on the following key creative people qualifying as Canadian.

Director	2 points	Art Director	1 point
Screenwriter	2 points	Director of Photography	1 point
Lead Performer	1 point	Music Composer	1 point
Second Lead Performer	1 point	Picture Editor	1 point

At least one of the Director or Screenwriter, and either the lead performer or second lead performer must be Canadian. As well, points for screenwriters may be obtained only if all screenwriters are Canadian, or if both the principal screenwriter and the author of the work on which the production is based, (and such work is published in Canada) are Canadian.

3. At least 75 per cent of all production services costs must be paid to Canadians except the following: 1) remuneration paid to the producer 2) remuneration paid to key creative personnel as is previously listed 3) legal 4) accounting 5) insurance 6) financing costs. Also, at least 75 per cent of post-production processing and final preparation (Lab) costs must be paid for services provided in Canada.

4. Animation productions must earn a minimum of six points, based on the following key categories qualifying as Canadian:

Director	1 point	Picture Editor	1 point
Scriptwriter/Storyboard Supervisor	1 point	Layout and Background	1 point
First or Second Voice	1 point	Key Animation	1 point
Design Supervisor	1 point	Assistant Animation/In-Betweening	1 point
Music Composer	1 point	Camera Operator and Operation	1 point

At least one of the Director or Scriptwriter/Storyboard Supervisor, and at least one of the First or Second Voice Performers must be Canadian. The key animation must be done in Canada. In addition, animated productions must also meet the 75 per cent Canadian cost criteria in the services and in final preparation (Lab) and post-production categories aforementioned.

Under CAVCO, there are several categories of ineligible productions, including those other than documentary, all or substantially all of which consist of stock footage.

Payroll Requirements

Employment Standards of Ontario requires a minimum of 4% Vacation Pay for all employees, based on gross earnings, as well as an employer contribution for Canada Pension Plan of 4.95% to a yearly maximum of $1,801.80 (N.B. the first $3,500 of earnings are exempt) and 2.94% (to a yearly maximum of $1,146.60) for Employment Insurance. Information may be obtained from:

Canada Customs and Revenue Agency
1 Front St. West, Toronto, Ontario M5C 1J7, (416) 954-3400
WEB: www.ccra-adrc.gc.ca

Sub-contractors and/or loanout corporations that qualify as independent contractors under the guidelines of CCRA, are responsible for deductions and remittances for their own employees. Some unions require benefits to apply to loanouts; please refer to specific contracts.

The CCRA recognizes all performers to be independent contractors, thus no government fringes are applicable.

A list of film payroll services is available in the Support Services section of this Guide.

WITHHOLDING TAX

Non-Residents Providing Services - Behind the scenes

As a non-resident person providing services in Canada you are subject to a tax withholding of 15% of your gross income earned in Canada. This is not a definitive tax but it may be applied against your final Canadian tax liability if you have one. This withholding may exceed your Canadian tax liability however and administratively, on application to the CCRA, you may receive a complete or partial waiver of the withholding requirement.

You can make application to the CCRA to have this withholding reduced or eliminated by claiming that your income from services in Canada will not be taxable, as you do not have a fixed place of business in Canada through which you are operating.

To address these types of requests, the CCRA has administrative waiver guidelines in place. Under these guidelines you may qualify for a waiver if you meet one of the following tests:

A) You are an individual (excluding corporations) providing non-employment services and will earn less than $5,000 (CAN) in the calendar year in which those services will be provided; or,

B) You are providing non-employment services in Canada for the first time and you will physically be in Canada for less than 180 days under your contract or engagement; or,

C) You have provided non-employment services previously in Canada within the current calendar year and the previous three calendar years (and if there are signed contracts, in the future three calendar years) and the total number of days of presence for all those services in Canada will not be more than 240 days, and, your current calendar year contract is under 180 days.

In addition to the above guidelines, you may still obtain a waiver if you satisfy the criteria unther the "Withholding Tax Waiver Guidelines for Behind the Scenes (BTS) Personnel in the Film and Television Industry." For more information, you can contact the Film Services Unit located at the Toronto Centre Tax Services Office (see below) or the Film Industry Services pages of the CCRA Web site at www.ccra-adrc.gc.ca/tax/nonresidents/film/menu-e.html.

Should you not qualify for a waiver, your income will be subject to 15% withholding tax. Your final tax liability will then be determined once you have filed the appropriate Canadian Income Tax Return, and any potential refunds or additional tax liabilities will be determined at this time.

Non-Residents Providing Services - Actors

Effective January 1, 2001, new rules apply to actors performing in Canada. They will be subject to a 23% withholding tax. If they desire, this can end their liability of tax to Canada. However they can elect to file a return if they think their liability is less than the 23%.

Further information on these guidelines may be obtained from the CCRA website at: www.ccra-adrc.gc.ca. or by contacting:

EMPLOYER HEALTH TAX

The Employer Health Tax (EHT) is payable by the employer to the Ontario Ministry of Revenue. Tax rates applicable are based on total annual Ontario remuneration, and range from 0.98% on total annual payroll of $200,000 or less, to 1.95% on total annual payroll in excess of $400,000. Note that new corporations are exempt for one year. Sub-contractors and/or loanout corporations qualifying as independent contractors are responsible for their own Health Tax premiums.

WORKPLACE INSURANCE

Workplace Insurance may be obtained from the Workplace Safety and Insurance Board upon application for coverage of employees and/or sub-contractors. The rate for film production is .94/$100 of gross salaries to a maximum earnings of $65,600. Most unions and associations require this coverage for their members. Please note that the Board does not automatically cover foreign workers and must be specifically applied for.

Persons who the Board considers "independent contractors" and Stunt Performers are not covered under the production company's insurance with the Board. The WSIB allows the exclusion of cast, however it must be noted on the application form.

Health & Safety

DUTIES & RESPONSIBILITIES

The Occupational Health and Safety Act safety is based on the Internal Responsibility System. Employers of the film and television industry have a legal obligation to ensure the safety of all persons associated with the production and general public. The Occupational Health and Safety Act requires notification be made to the Ministry of Labour inspector or delegate in the event of fatal or critical injuries at the workplace. These requirements are published in the "Safety Guidelines for the Film and Television Industry in Ontario – 4th Edition" and the "Occupational Health and Safety Act". There may be internal Union, Guild and Organization and/or Production Company reporting policy systems.

The Industrial Health and Safety Program of the Ministry of Labour accepts the "Safety Guidelines for the Film and Television Industry in Ontario" as being reasonable precautions in order to protect the Health and Safety of workers in the Film and Television Industry. The Ministry of Labour will refer to them in conjunction with the Requirements of the Occupational Health and Safety Act and other appropriate legislation, such as Regulations for Industrial Establishments, WHMIS Regulations, Regulations for Construction Projects and Regulations for Diving Operations.

PUBLICATIONS: Beneficial publications include

"A Guide to the Occupational Health and Safety Act"

" A Guide for Joint Health and Safety Committees and Representatives in the Workplace"

"Workplace Hazardous Materials Information System (WHMIS); A Guide to Legislation."

All publications, except the "Safety Guidelines for the Film and Television Industry in Ontario" are available at Publications Ontario, 880 Bay Street, Toronto, Ontario, M7A 1N8, (416) 326-5300. Pyrotechnic Event Approval

To apply for event approval, you must present to the Authorities Having Jurisdiction (AHJ):

- A complete Event Approval Application (or approved form)
- A Pyrotechnic Special Effects Certification Card (or facsimile)
- A Pyro Effects Plan or Letter of Intent

Please allow (preferably) ten working days before the event.

PYRO EFFECTS PLAN / LETTER OF INTENT: The AHJ may request a Pyro Effects Plan or Letter of Intent. A Letter of Intent is usually satisfactory for film/television productions and should include:

- Locations and dates for filming of effects
- General description of the scene
- Effects to be used and their fabrication
- Anticipated result
- Safety measures to be taken
- Method of determining safety distances

Copies of Event Approval and Pyro Effects Plan / Letter of Intent must be available on set.

AUTHORITIES HAVING JURISDICTION - Authorities Having Jurisdiction (AHJ) include:

- Fire Chief / Fire Protection Officer
- Film Commissioner
- Police Forces (incl. Explosives Technicians)
- Provincial Occupational Health & Safety Organizations(or equivalent)
- Designated representatives for event approval or site inspections

DEMONSTRATIONS: A demonstration may be required to determine if the effect can be performed safely. It is understood that this is not always feasible in film/television production, due to the one-off nature of many performances.

For information on the certification of pyrotechnics and pyrotechnical personnel, please refer to the Pyrotechnic Special Effects Manual or contact:

Government Agencies

GOVERNMENT OF CANADA

TELEFILM CANADA

Telefilm Canada is a federal cultural agency dedicated to the development and promotion of the Canadian film, television, new media and music industries. The Corporation acts as one of the government's principal instruments for providing strategic leverage to the Canadian private sector. One of the Corporation's key goals is to increase audiences for Canadian cultural products.

The Corporation manages an annual budget of approximately $230 million, which enables it to act as a key financing, strategic and promotional partner on the national and international scenes.

Telefilm Canada administers a number of funds and programs including the Equity Investment Program of the Canadian Television Fund, a public-private partnership; the Canada Feature Film Fund; the Canada New Media Fund and the Music Entrepreneur Program of the Canada Music Fund.

Each year it contributes to the development and production of over 800 feature films, made-for-TV movies, drama series, documentaries, children's programs, variety shows and multimedia products of outstanding cultural value.

The Corporation also plays a vital role in the visibility and impact of the Canadian industry abroad. Telefilm Canada administers all international agreements governing official co-productions on behalf of the Government of Canada.

CANADIAN RADIO-TELEVISION AND TELECOMMUNICATIONS COMMISSION (CRTC)

The Broadcasting Act established the CRTC to regulate and supervise all aspects of the Canadian Broadcasting industry. The CRTC grants licenses for radio, television, cable, pay-TV and specialty services.

The procedure for the recognition of Canadian programs is set out in CRTC Public Notice 2000-42 and CRTC 1988-105. Recognition Numbers may be obtained by applying to the CRTC directly. The criteria are similar to those used by the Canadian Audio-Visual Certification Office (CAVCO), which require six out of 10 points and 75% of expenditures to Canadians. ACTRA, the CFTPA (Canadian Film and Television Production Association) and the APFTQ (L'Association des Producteurs de Film et Télévision du Québec) regularly negotiate an *Independent Production Agreement* (*IPA*) which covers performers in independent film and television production. The most current version of the IPA came into effect on January 1, 2002 and will expire on December 31, 2003.

ACTRA covers all performers, including but not limited to actors, background performers, choreographers, dancers, singers, puppeteers, stunt coordinators, and stunt performers. The information below is only for actors, stunt coordinators and background performers. In the Toronto area there are over 10,000 ACTRA performer members.

NOTE: In the event of any discrepancy between the following information and the actual text of the *Independent Production Agreement*, the *IPA* will be regarded as correct.

MINIMUM DAILY FEES PER PROGRAM (CANADIAN FUNDS)
Effective: January 1, 2003 - December 31, 2003.

GENERAL BACKGROUND AND PHOTO DOUBLES	8 hrs	$156.75	$19.50	$29.50	N/A
STAND INS	8 hrs	$164.75	$20.50	$31.50	$741.25

***N.B.**: All background performers are under ACTRA's jurisdiction. The first 25 background performer roles of each day will receive the rates outlined above. ACTRA members shall be given preference of engagement for the first 25 roles. Additional background performers shall be paid not less than $8.50 per hour.

USE RIGHTS FOR ALL PROGRAMS

Upon payment of the minimum daily fee to a performer, the producer is entitled to one of the following "Declared Uses" of the program:

Type of Program	Basic Use Entitlement
(a) Theatrical	Worldwide theatrical use for period of the copyright of the program.
(b) Free Television	One domestic run in Canada
(c) Pay-TV	One (1) year use in Canada.
(d) Cable TV	Three (3) years use in Canada.
(e) Compact Devices	Two (2) years use in Canada.
(f) Educational TV	Three (3) years use in Canada.

Each of the above includes worldwide non-theatrical use. At the time of contracting of performers, the producer **must** declare the intended use of the program. A producer may purchase additional use rights for his/her production by one of the following three methods:

(a) Residual Payments,
(b) Prepayment Option, or
(c) A non-refundable Advance Option

PREPAYMENT OPTION

The most commonly used method is the Pre-payment Option. The producer may acquire unrestricted Use Rights in all media, throughout the world for a period of Four (4) consecutive years, from the date of first exploitation release in any residual market, for 130% of Net Fees for Theatrical Productions and 105% of Net Fees for Television and other productions. The producer shall declare and specify the prepayment in the individual contract of the performer. The prepayments must be paid to performers at the time of production.

ADVANCE OPTION

The producer may pay, **at the time of production**, one of the following percentages of Net Fees as a Non-Refundable Advance against the following Use Fees based on performer participation in Distributors' Gross Revenue:

Options	Non-Refundable Advance (% of Net Fees)	Participation in Distributors' Gross Revenue
1.	100	3.6%
2.	75	4.6%
3.	50	5.6%
4.	25	6.6%

The **only** circumstances which will allow a producer to select option #4, and therefore make a 25% Advance payment, is if there is only one exclusively Canadian pre-sale in one media, as of the first day of principal photography, and which pre-sale must include one of the Declared Uses.

Definition of a performer net fee is "...the total compensation paid to a performer for camera and recording days."

Please refer to Part B of ACTRA's *Independent Production Agreement* for more detailed and precise information.

SPAN OF WORK

Drop / Pick Up: Performer may be booked for any number of scheduled shooting days, with any number of non-scheduled non-paid days in between.

Work Day: 8 hours. The 9th to the 12th hour is at 1½x. Beyond the 12th hour the rate is at 2x.

6th Day: 1½x contracted daily, hourly and overtime rates.

7th Day: 2x contracted daily, hourly and overtime rates

Meals: Not later than 5 hours from call. Infringement is at 2x the hourly rate, paid ¼ hour units. The meal period may be postponed to the end of the 6th hour if the producer provides a substantial snack (with hot and cold beverages), and time to consume the snack prior to the 5th hour. If required by the exigencies of production, the unpaid meal break may be extended by ½ hour. There shall be a 1/2 hour meal period for every 4 hours of overtime worked.

Turnaround: 11 hour rest period between work days (12 hrs for minors). Any infringement is at 2x contracted hourly rate.

Holidays: No additional charge. (see Government Information - Statutory Holidays)

Night Differential: No additional charge. Requirements for notice to performer of scheduled night work.

Penalties: Payable in quarter hour units. The maximum compounding effect of the application of overtime and penalty payments shall not exceed 3x the performer's contracted hourly rate.

Travel Time: Payable in quarter hour units at the hourly rate if beyond 40 kilometer (25 mile) radius of Toronto city centre.

Boundaries: ACTRA members can work across Canada. If a Canadian production is to go on location outside Canada, ACTRA members are able to work across the border. Accommodations and per diem are applicable.

Per Diem: $65.00 per day plus hotel, calculated on basis of: Breakfast $15.00, Lunch $20.00, & Dinner $30.00

Holdover on Location: No payment other than incurred expenses (e.g. per diem) is paid to performers held on a distant location during production "down days." "Down days" are the normal one-day or two-day weekly rest period. However, if a performer is required to be on location by the producer prior to or following a contracted day of work the performer shall be paid 50% of the contracted daily fee for the first 2 days and 100% of the contracted daily fee for each subsequent day.

Rehearsals / Reading Sessions: Minimum 2 hour call. These fees are not subject to pre-payment and residual payments.

Wardrobe Fitting: Min. payment of $67.75 per hr. or performer's contracted hourly rate, whichever is greater for min. of 2 hrs.

Time for Make Up, Hair & Wardrobe: A maximum of 15 minutes is given immediately prior to production call for Make Up, Hair and Wardrobe at 1/4 of the performer's applicable straight time rate. Time in excess of 15 minutes is calculated as part of the regular 8-hour day..

Recall: The minimum call for performers looping his/her own on-camera performance is 2 hours.

Work Permits: Resident: $130.00 for 1st week, $65 for each subsequent week per episode/production for principal performers. Other Categories (except background performers): $105.00 for 1st week, $45.00 for each subsequent week per episode/production. Non-Canadian: $225.00 for 1st week, $175 for each subsequent week of a production/episode for a principal performer.

Fringes: 10% of gross fees for all performers including Use fees for Insurance and Retirement Benefits. For producers who are members of the producers association, the administration fee is a total of 1% of performer's gross fee per production to a total maximum of $1,500.00. If the gross performers' fees in respect of a production exceed $2,000,000.00 the maximum will be $3,000.00 per production excluding series. Non-member producers' administration fee is a total of 4% of the performers' gross fee, no maximum. All producers also pay an administration of 0.5% of gross fees paid to all performers to the ACTRA Performers' Rights Society to a maximum contribution of $1,500.00.

Bond: A minimum of the value of 2x the weekly performer payroll. Not less than $25,000.00. Actual amount is determined by local representative prior to shooting and is based on overall talent payroll and fringe. A bond will be required for post production work.

MINORS

A special situation arises when minors are engaged in the workplace. All parties involved in production are dedicated to ensuring a safe environment for all performers, with extra care given to the proper health, education, morals, and safety of minors. The term "minor" refers to performers under the age of eighteen (18) years. The term "parent" shall include the minor's legal guardian.

Although special provisions apply to minors, they are still subject to the minimum terms and conditions stipulated elsewhere in the Collective Agreement.

Conditions of Engagement
The producer shall advise the minor's parent(s) at the time of engagement of the complete terms and conditions of the employment, including, but not limited to, studio, location, estimated hours, hazardous work and special abilities required. The producer shall furnish the parents with a script, plus all revisions, prior to shooting.

The producer is required to provide special notification of night shoots (i.e. between 19h00 and 06h00) and/or performances where a minor is asked to perform activity with a level of physical proficiency or other physical skill superior to that of the average minor.

If not notified at the time of contracting, a parent shall be notified at least 48 hours in advance when the minor will be asked to perform work requiring superior physical skill. If notice cannot be given, the minor shall not be required to perform work requiring superior physical skill unless the minor's parent consents. ACTRA must also be notified in such instances.

A description of the activity requiring superior physical skill will be provided in the minor's contract (if known at the time of contracting).

In case of night shoots, 36 hours notice shall be provided to the parent(s). If less than 36 hours notice is provided, such notice shall be provided to minor's parent and ACTRA.

Parental Responsibilities
The parent shall familiarize him/herself with the requirements of the role as described in the script or otherwise disclosed to the parent. The parent shall be given a copy of Appendices 14 and 15 of the Collective Agreement. Appendix 14 and, if applicable, Appendix 15 shall be completed and delivered to ACTRA and the producer after a Booking by the producer, but prior to the delivery of a contract to the parent, or in the case of a minor engaged in the background performer categories, prior to the commencement of work.

The parent shall disclose, in writing, any medical history or condition or any attitudinal or psychological condition of which the parent is aware which might forseeably interfere with or impact on, the minor's ability to carry out the role for which the minor is being considered.

For minors 6 years of age and older, the parent shall execute and deliver, with the contract, an Emergency Medical Authorization enabling the producer to obtain emergency medical treatment for the minor in the event the parent cannot be located immediately when such treatment is required.

Work Day & Meal Periods
The work day shall not exceed 8 consecutive hours, excluding meal periods.

For minors under 12 years of age, overtime is forbidden.

For minors aged 12 to 15, a maximum of 2 hours per day overtime may be permitted, provided that in the event a minor is required to work a cumulative maximum of 4 hours of overtime three consecutive days, the minor shall not be required to work any overtime on the immediately following day, unless the parent consents. Such minors shall be given rest periods of not less than 12 hours between the end of one work day and the beginning of the next work day.

For minors under age of 12, there shall be a rest period of not less than 12 hours between the time the minor arrives at his home (or place of accommodation) and the time that the minor leaves for the set for the next call.

When the producer is required to provide transportation, best efforts shall be made for minors to leave the set within 30 minutes of the end of the minor's working day. The producer shall ensure that transportation home (or place of accommodation) is provided for any minor wrapped after dark.

Minimum Call
The minimum call for a minor under the age of 12 shall be four hours. The minimum fee for such four hours be one-half the minimum daily fees. Where the call extends beyond four hours, the call shall automatically revert to an eight hour call.

Time Before Camera or Rehearsal
Minors shall not be continually required before the camera or under lights for longer periods of time during a work session than specified below. Breaks shall be taken away from the set when and wherever possible.

2 years & under	15 consecutive mins.	(minimum break 20 mins.)
3 - 5 years	30 consecutive mins.	(minimum break 15 mins.)
6 - 11 years	45 consecutive mins.	(minimum break 10 mins.)
12 - 15 years	60 consecutive mins.	(minimum break 10 mins.)

Presence of Parent
A parent of a minor under 16 years of age must be present at all times when a minor is on set and must accompany the minor to and from the set or location, and shall have the right to accompany the minor on hair, make-up, and wardrobe calls, if the space can accommodate the parent, and provided the parent is not disruptive.

A parent of a minor shall have the right to be present at all times when their child is working. The parent shall advise the producer if and when he or she will be present. When the parent is not present, a responsible chaperon (not less than 21years of age) shall be appointed by the parent(s) to assume full supervision of the minor for the duration of the engagement.

The appointment of the minor's chaperon (Appendix 15 of the Collective Agreement) shall be completed in triplicate copies provided to the producer, one copy to ACTRA and one to be retained by the parent(s).

The parent(s) or guardian shall not interfere with the Production unless interference is required to ensure the minor's safety.

The producer shall bear the travel expenses and per diem of one parent accompanying a minor to a Distant Location. The amounts of such travel expenses and per diem shall be equivalent to those paid to a performer under the Collective Agreement. With respect to performers aged 16 and 17 who are living with a parent, such performer shall have the right to travel to a Distant Location with a mutually agreed to chaperon provided by the producer, unless the performer's parent(s) consents in writing to such performer travelling alone.

Dangerous Work
No minor shall be required to work in a situation that places him/her in clear and present danger to life or limb, or if the minor or parent believes the minor is in such a situation. Where a minor is engaged to perform subject matter which the producer knows, or ought reasonably to know could be of psychologically damaging nature to the minor, a psychologist or therapist properly accredited by the applicable Provincial Ministry shall be hired by the producer to guide and assist the minor to handle the emotional and mental stress of such subject matter. The producer shall be required to carry out the psychologist's or therapist's recommendations which may include such psychologist or therapist being present on set.

Tutoring
Where a minor who normally attends school is required to work during school time, the parent, unless the producer undertakes to do so, shall consult the minor's school principal or regular teacher prior to commencement of work. The producer shall institute the measures for tutoring that the minor's principal or teacher propose. The cost of the tutor will be borne by the producer.

Where a minor is engaged in a Production, such that he/she is required to miss at least three (3) days of regular school in a given school week, or at least nine days of regular school in a school year over the course of a Production, the producer agrees to employ a tutor to be present during the minor's work day from the first day of such engagement.

In the event that at the time of contracting, the production schedule is such that the producer is not required to employ a tutor, but the production schedule is subsequently changed such that the minor is required to miss school, then the producer shall be obligated to employ a tutor.

Tutors will be properly qualified. ACTRA shall advise the parent(s) to consult with the minor's school and secure regular school assignments and books which will be used by the minor and the tutor.

When tutoring is required, the minor shall have access to the tutor during the work day when the minor is not required to work.

Minor's Coordinator
One individual on each set or location will be designated by the producer to coordinate all matters relating to the welfare and comfort of minors. Parents will be notified of the name of the minor's coordinator, who shall have the welfare and comfort of the minors as his/her primary responsibility. A coordinator may not double as a tutor, unless all minors are being tutored at the same time.

Time of Calls
Auditions, interviews, individual voice and photographic tests, fittings, wardrobe tests, make-up tests and photographic conferences for minors shall be after school hours. Calls for actual production shall not be so limited. minors shall not be required to work beyond 23h00 without the consent of the Parent.

Food
The producer recognizes the special nutritional requirements of minors and shall provide them with a selection of milk, juices and healthy snacks. All minors shall be fed meals on evening shoots.

STUNTS AND RISK PERFORMANCE

Stunt Categories

A **stunt performer** is a performer who is specially trained and knowledgeable in the engineering of and the performance of stunt work, relating to a performance which would be considered dangerous if not performed by a performer with special training.

A **stunt actor** is a stunt performer who is engaged to enact a character (which may include up to ten words) and who performs work.

A **stunt double** is a stunt performer who only performs the physical double for the character that the performer was assigned to double.

The contracted fee for a stunt performer or stunt double shall be exclusive of any performance in a residual category, such as principal actor or actor etc. If the stunt performer, in addition to performing the stunt, also enacts the role of the "character"

A **stunt coordinator** is responsible for the creation and engineering of stunts and the engagement of stunt performers. The stunt coordinator must be a member of ACTRA and be an experienced and qualified stunt performer.

Risk performance is the undertaking of any action by a performer (other than a stunt performer engaged to perform a stunt or stunts) which action could be considered dangerous and beyond the performer's general experience or the placing of the performer in a position which would normally be considered hazardous. Performers shall not as a rule be required to undertake risk performances. Whenever possible, producers shall engage qualified stunt performers to undertake such work. Where it is not possible to engage a qualified stunt performer and other performers are called upon to undertake a risk performance they may negotiate an additional fee which shall not be less than the fee for a stunt performer or refuse to perform the risk performance, but such performers shall be paid fully for the engagement.

Safety Guidelines
Productions shall adhere to all applicable safety guidelines issued by the applicable Provincial Government Ministries. The producer further agrees to cooperate in disseminating such guidelines and adhering to future addenda and/or changes implemented by such Ministries.

Insurance for Stunt Performers
The producer is obligated to provide that its General Liability Insurance policy covers stunt performers and coordinators.

Maximum to a 10 hour day of actual work time, wherein a meal break of no less than one hour to be provided upon completion of no more than 5 hours of a sideline session *(**Note:** this meal break is in addition to normal breaks of 10 minutes per session hour)*. In the event the musician's instrumental performance is recorded during any part of a sideline session; the basic session fees and terms as provided herein, shall also be applicable and/or payable as follows:

Fees – Basic Sideline and Recording Session

In the event members' sideline performances include live instrumental playing, and the instrumental performance (audio) is recorded for any purposes whatsoever – basic recording fees and terms to apply plus a premium of 25% (extra payment) for the actual time utilized for recording and filming of members. (e.g. minimum 3 hour call fees and terms etc., to apply even though recording of instrumental performance may only take place for a short portion of the 3 hour (minimum) time period and the remaining time utilized for filming only.)

Music Preparation:

All prevailing music preparation fees as detailed in AFM's current film agreements (i.e. TV Film and/or Theatrical Motion Pictures) to be increased by 35%;
Provided further that for use in a TV series for a single broadcast season, additional fees shall be payable and calculated on the total amount of music prep services contained/utilized in each episode as follows;

up to 10 minutes of music	@$50 per episode
up to 20 minutes of music	@$75 per episode
up to 30 minutes of music	@$100 per episode

General Terms:

1. Only the services of members in good standing of Locals of the American Federation of Musicians of the United States and Canada shall be used for the performance of any work within a classification covered by this Agreement.

2. Extra percentages applicable to leader/contractor/doubling etc., to be inclusive of all session fees.

3. All services to be contracted under AFM forms as provided by the AFM and/or its Local.

4. and its anticipate broadcast season. The contract(s) must specify the name of film and/or episodic series; identify each episode within a series

5. 'Theme' or 'Format' music shall not be utilized for 'scoring music' as it is generally understood within the industry.

6. Minimum 'scoring' requirements for episodic series – terms of AFM Television Film Labour Agreement, to apply.

7. TV 'variety shows' in the form of specials, weekly series, daily strips, etcetera, are not eligible for production herein – see AFM/CBC Agreement or AFM/Television Videotape Agreement.

8. We have been advised by the Toronto Musicians' Association (TMA) that, in keeping with past and current practices, 'all' media recording engagements within TMA's jurisdiction are subject to a contract filing/handling fee. The amount payable (by the producer) is calculated @ 10% of the total scale fee payable to 'one' (non-doubling) side musician. This additional amount to be included, with the payments and/or contracts required herein.

For further clarification or additional information please contact AFM's Canadian Office (416) 391-5161.

The Writers Guild of Canada is the national association representing more than 1,600 professional freelance screenwriters working in film, television, radio and multimedia production in Canada. Guild members are professional writers who create scripts for dramatic series, features, television movies, mini-series, documentaries, comedy and variety series, animation, children's and educational programming, as well as corporate videos and multimedia productions.

The WGC negotiates, administers and enforces collective agreements setting out minimum rates, terms and working conditions in the Guild's jurisdiction (all English-language production in Canada). The WGC's central agreement, the Independent Production Agreement (IPA), is negotiated with the Canadian Film and Television Production Association (CFTPA) and the Association des Producteurs de Film et Television de Quebec (APFTQ). As well, the WGC currently has agreements in place with CBC Radio, CBC-TV, CTV and TVO.

The WGC provides contract templates that conform to its agreements, checks contracts to ensure compliance with the collective agreements, monitors the payment of script fees, collects royalties on behalf of writers, and resolves disputes over working conditions and writing credits. Under WGC agreements, both writers and producers contribute a specified percentage of a writer's gross fees to insurance plans - life, disability, medical and dental - and a registered retirement savings plan.

In order to engage a WGC member, a producer must become a signatory to an agreement administered by the WGC.

Contact the WGC for rates and conditions, as well as a membership directory. You may also contact the WGC to use the-on-line directory, which lists members and their credits and is updated twice a year.

Parks

Provincial Parks

Ontario Parks is responsible for the planning and operation of 292 provincial parks, which cover an area of some 71,000 square kilometres. This is the combined size of the countries of Belgium and the Netherlands. These parks are classified into six distinct types: wilderness, waterway, historical, nature reserve, natural environment and recreational. Ontario's provincial parks are world renowned, with names such as Algonquin, Lake Superior, Killarney, Quetico, Pinery and Petroglyphs being quite recognizable.

Partly due to the sheer size of the system, there are a myriad of protected natural and cultural features and landscapes. Some more notable examples include: dramatic rocky shores, extensive sand dunes, rugged wilderness, Aboriginal rock art, marshes and other wetlands, restored farmsteads and mine sites, wide rivers, narrow gorges and steep waterfalls. Police & Firefighters

Off Duty Police

Toronto

Requests for all Pay Duty Officers will be made through Traffic Services of the Toronto Police Service, 45 Strachan Avenue, (416) 808-1937, Monday to Friday, between the hours of 7:00 a.m. and 3:00 p.m.

To obtain a Pay Duty Requst Form, call (416) 808-1937 or (416) 808-1900 (after hours). This form should be filled out by the Location Manager and faxed back to Traffic Services at (416) 808-1922 or (416) 808-1902 after hours.

The number of officers to be assigned will be determined according to the need for traffic control and public safety by the TFTO. If special effects are involved it may be required that an officer from the Emergency Task Force - Explosives Disposal Unit be assigned. Due to the limited availability of motorcycles for pay duties, 24 hours notice is required. The same rule also applies if a Pay Duty Officer is required from the Emergency Task Force, Explosives Disposal Section.

Police Constable	*$49.00 / hour with a 3 hr min. = $147.00 (all classifications ie. ETF, Marine Unit)*
Police Sergeant	*$55.00 / hr with a 3 hr min. = $165.00 If four (4) or more police constables are hired, a Sergeant is required.*
Staff Sergeant	*$60.00 / hour with a 3 hr min. = $180.00 If nine (9) or more police constables are hired, a Police Sergeant & a Staff Sergeant will also be required.*
Staff Sergeant	*$62.00 / hour with a 3 hr min. = $186.00 If fourteen (14) police constables are hired, a Police Sergeant & a Staff Sergeant will also be required & the Staff Sergeant will be paid at $62.00 / hour*

Should it become necessary to cancel a Pay Duty Officer, his/her unit or division must be notified eight (8) hours prior to the scheduled starting time for the pay duty. Failure to give sufficient notification, i.e.: (less than the eight [8] hours), will result in the film company being required to pay the officer(s) involved the minimum payment of three (3) hours.

Equipment Fees (excluding GST):

Motor Vehicles	*$37.38 hr (3 hr. min.)*	*Trailer/Bicycle*	*$21.50 per assignment*
Motorized Boat	*$350.47 (first 3 hrs., additional hrs @ $105/hr.)*	*Horse or Dog*	*$53.27 per assignment*
Row Boat	*$53.27 per assignment*

Municipal Fire Department

Toronto

Toronto Fire Service: Contact Scott Cowden (416) 338-9512, FAX: (416) 338-9527

Fire Safety: Currently, Federal and Provincial Statutes, as well as municipal bylaws control the use of fire and pyrotechnic effects in the Toronto. Any filming where open flame is used, indoors or outdoors, requires review by the Fire Service. Requirements for attendance by the Fire Service are judged on an individual basis. Fire prevention and suppression requirements will be judged individually, depending upon the location and extent of risk involved. Requirements will range from appropriate fire extinguishers on hand for use by trained film crew to full paid duty TFS fire crews and vehicles on site.

The Fire Service is the Authority Having Jurisdiction for pyrotechnics in the City. Any use of these materials or any other use of flammable materials for pyrotechnics requires Fire Service review. Required fire protection will be mandated upon review. Requirements will range from appropriate fire extinguishers on hand for use by trained film crew to full paid duty TFS fire crews and vehicles on site. *(see Government section - Pyrotechnic Event Approval)*Reviews are coordinated through the Toronto Film and Television Office at (416) 392-7570.

On Camera: Personnel and equipment are also available for on-camera use.

Vehicles	*$500/day*	*Fire Fighters*	*@ $45/hr, 4hr. min.*
Fire fighter clothing & equipment	*from $75/day*	*Captains*	*@ $45/hr, 4hr. min., 1 required for every 3 fire fighters*

Insurance

Insurance Coverage

The following is a general description of some of the coverages available for Film and Video production. Keep in mind that signed applications for insurance form part of your contract with the insurance company. Any changes in your production which affect information given in these applications must be reported immediately. Failure to advise the insurance company of material changes could adversely affect your insurance coverage.

- **Negative Film & Videotape:** Covers on Broad Form basis, additional costs as a result of physical damage to negative, excluding loss caused by faulty stock, faulty camera, faulty processing & accidental erasure of videotape.
- **Faulty Stock, Camera & Processing:** Covers additional costs causes by use of faulty stock, faulty camera lenses & appurtenant equipment, faulty processing by labs and accidental erasure of videotape.
- **Cast Insurance / Pre-Production Cast Insurance:** Covers against costs caused by death /disability to insured actors, directors, cinematographers or other key personnel. Can be extended to animals.
- **Props/Sets/Wardrobe:** Covers owned property & property of others for which you may be responsible for on Broad Form basis. Jewelry, furs, fine arts, antiques, rugs, gold & silver must be insured on a specific basis.
- **Miscellaneous Equipment:** Covers owned & rented camera, sound, lighting equipment, portable electric equipment, generators, mechanical effects & grip equipment.
- **Extra Expenses:** Covers additional expense due to damage/destruction of property & facilities used or to be used by production. Expenses must be incurred as a result of an insured hazard.
- **Third Party Property Damage Liability:** Covers property temporarily in your custody (Props, sets, wardrobe, misc. equipment, vehicles, subway/railway equipment, watercraft & aircraft not covered by this section)
- **Physical Damage to Automobiles:** covers rented or borrowed vehicles. Owned vehicles may be endorsed to policy. Policy excludes damage to vehicles used or rehearsing stunts.
- **Producers Liability Insurance - Errors & Omissions:** protection against law suits for libel, slander, defamation of character, invasion of privacy, infringement of copyright, unauthorized use of titles, format, ideas, characters, plots, etc.
- **Comprehensive General Liability:** coverage against lawsuits from general public for bodily injury or property damage arising form film making operations - excluding motor vehicle, watercraft or aircraft or railway equipment.
- **Accidental Death & Dismemberment:** can include both employed and freelance personnel. Special coverages can be made for Stunt people.
- **Life Insurance:** Provides coverage for financial loss resulting from death of key personnel
- **Animal & Livestock Insurance:** provided on full mortality or accident only basis.
- **Vehicles, Boats, Aircraft:** Insurance must be specially provided.
- **Money Coverages:** protection against hold-up of money
- **Office Contents:** protection for various office locations required by production.

Please remember that all policies contain limitations, restrictions and exclusions. Never assume you are covered. Always check to see if coverage applies or is available.

Office Expenses

Office Space Rentals
Office space is available in Toronto from $1.25 / SF. A 6,500 SF fully furnished, air-conditioned office with phone lines, reception and security rents for approximately $12,000 a month.

Photocopiers & Fax Machines
Large copiers are available for $1,100/month; Fax (real paper) machines rent for $150/month. If you rent your copier and Fax machines from the same source, package deals are available for $350/month.

Computer / Printer Rentals
Starting at $125/month - $400/month. Lap top rentals start at $125/month and printers range from $40 to $225 a month. Basic and accounting systems can be networked.

Phone Lines / Systems
Costs vary greatly according to each production's specific requirements. Typical installations are done in two weeks, however Bell Canada understands the importance of expediency in the Production industry. If you require quicker installation, Bell will be happy to discuss the matter. Please note that production office space in many studio facilities include pre-installed phone lines and systems. Installation charges (Bell lines and Equipment) are approximately $2,000. Rental of phone sets vary from $15 to $35 / set / month.

Internet
The cost to install all departments with Internet access averages $2,000.

Helicopter Service

For aerial photography: Most helicopters do not come with mounts — these have to be rented. Hourly and daily rates are available (See Equipment - Camera Mounts).

Transport Canada requires two weeks notice prior to helicopter filming involving landings, take-offs and/or flying at altitudes less than 1,000 feet (330 meters) in any city or town.

The helicopter company conducting the flight is responsible for making these arrangements and the Film Liaison Office will notify both Transport Canada and the helicopter company that permission has been granted by the City for the low altitude flight.
